Dear Troy,

Please accept my thanks for making our event extraordinary by your participation. To say you blew away our audience would be an understatement. During most of your presentation, you could have heard a pin drop, as they were totally emotionally involved with your story.

I want you to know that I am an absolute advocate of yours and you can count on me for any recommendation I might offer. My initial hesitation regarding your background and circumstance was totally unfounded and, in fact, people who are “values” based have a great appreciation for who you are and what you have accomplished.

Thanks again and continued success in all you do.

Best Personal Regards,

Barney Hellenbrand
