Phoenix, AZ 85016

Dear Troy:

Wow! I have to tell how powerful your presentation was at the S.C. Society of Association Executive's March 24 meeting. I could see that our members were transfixed on your story and message.

Many SCSAE members stopped me after the meeting and have mentioned to me just how much they enjoyed your presentation. One member at my table was so touched by your story that he had tears in his eyes. You share an important message with the audience and it definitely stays with them long after the meeting.

I was very impressed with your presentation and personality! You did a fabulous job. Please don't hesitate to call me if I can be of any help.

Sincerely,

Keely S. Fagen
Executive Director
