Dear Troy,

I would like to take this opportunity to express my gratitude for your availability and generosity. Your willingness to adjust your schedule on such short notice, to accommodate a guest speaking engagement here at the Larimer County Detention Center was appreciated tremendously. The impact of the story you told about your former self and who you have since become, on March 23, 2007 will be felt long after you are gone. It was my honor to meet you and to be able to share your tremendous "self transformation" with those incarcerated here.

ESTES PARK

Rarely are inmates afforded the opportunity to hear inspirational testimonies of those that have gone before them, in similar tracks, and been able to live and tell how their dedication to a better life is possible! You are living proof that if you are committed to working hard, magical things can happen in your life.

I look forward to our paths crossing again someday. I feel blessed to have met you. You are an inspiration to me to never give up on my dreams. Please keep in touch with me as your success grows. I hope you always remain humble and aware of the increasing need for education and awareness within the correctional setting.

I applaud you for your efforts to assist those dedicated to leaving the "easy road" behind.
