Dear Troy,

I just wanted to drop you a note and let you know how much everyone at our ESP Goal Setting enjoyed your presentation.

The Goals you set for yourself showed us all that anything is possible. What an incredible presentation, with visual aids and all. You stole all our hearts and people are still talking about it and I am sure will for months to come.

Thank you once again for coming to Colorado Springs School District #11 and speaking to our Educational Support Professionals.

Sincerely,

A handwritten signature in black ink that reads "Mary F. Hyde". The signature is written in a cursive, flowing style.
