Dear Troy,

On behalf of the Idaho Association of School Business Officials, I wish to thank you for your inspiring presentation to our group in June.

As business officials, we are constantly being asked to do more with less, and your story gave us all encouragement and desire to continue facing our challenges each day. We were reminded that even though we may not have direct contact with students each day, we need to do all we can to support those who are in the classrooms.

Thank you for taking time to answer questions from the group. Each person that I spoke to after your presentation was extremely pleased that they had taken the time to listen and learn from you.

Thanks again, and good luck in you travels.
