Dear Troy:

I want to take this opportunity to thank you for participating in this year's Annual Educational Conference. We feel that the conference was a great success and there is no doubt that your participation was a major factor in our members' high ratings for the convention.

This statewide conference could not have been a success without the variety of topics and contributions of people such as yourself. Please know that your efforts will benefit the children of Wisconsin and help shape a strong educational future.

Thank you again for all you did for the WASDA convention.

Sincerely,

Miles Turner
Executive Director
