Dear Troy,

I am writing this letter as a "thank you" for speaking at our recent Students Working Against Tobacco Youth Conference. After looking through the reviews that we have received about our conference, I can say that you were a hit with all of our kids.

In our youth run coalition, we have kids from all walks of life, many of whom believe that they could never go to college. This was one of the main reasons I felt we had to have you at our conference. You inspired these kids, and let it be known that they should never say never.

I will absolutely be recommending you to anyone that is looking for someone to deliver a powerful message. You are a very amazing man, and I wish you nothing but the best.

Warmest Regards,

A handwritten signature in dark ink that reads "Rochelle Wilcox". The signature is written in a cursive, flowing style.
