Phoenix, Arizona 85016

Dear Troy,

WOW! You kept 900 sugared-up high school kids mesmerized for over an hour after lunch! You have an excellent message for today's students combined with the talent and energy to deliver your message effectively.

I had comments from teachers and students for days about how much they enjoyed the assembly and what an impact your message had on them. If one student was diverted from traveling down the wrong road, your efforts on September 11 will be well rewarded.

Thanks again for sharing your story with us. Canyon View High School wishes you well as you travel across the country impacting our youth with your powerful presentation.

Sincerely,

Vickie S. Wilson
Principal
