Dear Troy,

I wanted to let you know how much your presentation to our student body was greatly appreciated. The story of your life and the way in which you told it had the entire gymnasium mesmerized. In talking with students and staff in the days following your visit, I heard many positive comments. The students were able to see how the decisions you made impacted your life. There is no question that by listening to your message some of them reflected on their own lives and the decisions they are making every day.

I would also like to let you know that your presentation at our middle school was extremely well received. I have a daughter in the eighth grade and she was very moved by your words. She said her classmates couldn't stop talking about what you have gone through and how hard you have fought to become a successful person. Obviously, your message is effective for a wide variety of audiences.

On behalf of everyone at Jonathan Alder High School, I would like to thank you for coming to our school. You made a positive impact. I will strongly recommend to all my colleagues that they should invite you to speak at their schools if they ever have the opportunity. I wish you all the best life has to offer.

Sincerely,

A handwritten signature in black ink that reads "Phil Harris".
