

Spencer High School

September 3, 2004

To Whom It May Concern:

Troy Evans presented a very moving assembly program for 750 Spencer High School students during the 2003-2004 school year. His message centered on making positive life choices. Throughout Mr. Evans was entertaining and very motivational. He spoke to the students with respect and courtesy, holding their attention throughout his presentation.

When originally scheduled I had some reservations, but I was very impressed by Mr. Evans' ability to manage a large assembly group. Mr. Evans tells a compelling story. His rapport with teenagers was excellent.

Mr. Evans was a strong positive factor in our character education program at Spencer High School during the 2003-2004 school year.

Sincerely,

Mike Healy
